

Watkins Health Services (WHS) provides quality health care to camp participants as needed. They receive the same high level of care by the same professional staff that treats university students. Our providers are all board certified and many of our staff members are also parents. We understand the needs of campers and we understand the concerns of parents/guardians! If a camper comes to WHS for care, we will contact the parent/guardian as soon as possible (in compliance with Kansas laws).

While we prefer appointments to be scheduled, we certainly understand that issues arise which require prompt attention. Therefore, we have a Walk-In/Triage process to provide an immediate evaluation of the individual's needs. While we are not an Emergency Room, we do stabilize and transfer patients when that is needed.

If a participant needs to be seen at WHS, there are **required medical forms (attached)** that must be completed prior to or at the time of the visit. We recommend for parents/guardians to complete these forms in advance of the start of camp as that will enable us to initiate prompt care of the camper.

If any charges are to be billed to any insurance company, WHS must have a copy of the participant's insurance card at the time of visit. Any charges not paid for by the insurance company will be the responsibility of the camper or parent/guardian. PLEASE NOTE: We do not bill Medicare, Medicaid, KanCare, etc. as we are not a participating provider with these or similar government programs. Those charges would become the parent's/guardian's responsibility as noted on the enclosed Treatment Agreement.

It is highly recommended that program directors and any other adult staff/chaperones NOT be responsible for administering medications. Either the participant should be self-sufficient with his/her medications and medical devices or there should be other arrangements made for this care. Medication or medical devices are sometimes forgotten or left behind, so please be sure they are sent home with the participants, or mailed to them if found after the participants leave. Our Pharmacy (by state law) cannot accept for disposal or for mailing any prescription medications or over-the-counter medications.
